

ATTENDANCE POLICY

Attendance of players will be tracked per practice and communicated with the Head Coach on a monthly basis

Attendance sheets will be provided at the beginning of the season by the Director of Operations. They may be updated through the season, as required

Attendance and/or absence is not to be used for punitive purposes, but may be used to justify a player's playing time in games

Players / guardians should inform the coaches or team managers of absences as soon as possible.

Arrangements can be made with group coaches to attend an alternate practice for the week.
